Personal Summary

A highly motivated individual with extensive management experience within the construction industry gaining invaluable knowledge over the past 13 years including delivering a variety of residential and commercial construction projects. Excellent communication skills, invaluable supply chain knowledge and decision making skills, ensure that that all projects are delivered to high safety and quality standards and that the works always meet the client's expectations, the designer's brief and the regulatory standards.
Providing overall management of projects from contract award to completion, liaising with design teams, QS's and clients whilst following robust adherence to standards, procedures and processes.

Employment History

Noble Projects Ltd – Senior Site Manager **Feb 2019 – Present**
Reporting directly to company Directors, and with full responsibility for all aspects of the construction of numerous residential and commercial projects ranging from £1m to £8m. Involvement from contract award through to completion and handover. Managing site teams and subcontractors on multiple sites, chairing meetings with clients and design teams.

Galliford Try – Site Manager **Jul 2016 – Dec 2018**
Employed as a Site Manager based at Manchester Airport and reporting to Senior Project Management delivering numerous projects under the Manchester Airport Group Framework ranging from £400k to £1.1m. Working closely with stakeholder PMs to deliver programme critical airside and landside projects such as new boarding lounges, engineering buildings as well as civils works on the airfield.

Cartwright Pond Ltd – Contracts Manager **Mar 2008 – Jul 2016**
Overall responsibility for the planning, management, co-ordination and financial control of a wide variety of contracts, ranging from private new builds and extensions to schools, warehousing and insurance claim contracts, ranging from £150k to £1.1m. Mainly responsible for overseeing private client new builds and extensions from contract award through to commissioning and handover.

Education
