Work Experience

APM Terminals / Maersk • The Hague, Netherlands (HQ)
Port and container terminal development, management & operation with 22K employees, 21.7M moves at 60 operating terminals & ports. $4.5B revenue in 2024.

Head of PMO at Project Execution
Enhance the PMO's capabilities to support APMT's growth by modernizing existing terminals and investing in new ones for better customer service.

Drive project management excellence in a $3B+ global portfolio with 11 high-value projects across multiple countries[1] with budgets ranging from $150M to $1.1B.

- Managed a team of 4 PMOs, 3 project managers, and 11 functional reporting lines to ensure project delivery within time, scope and budget constraints.
    - Scope includes ESG, decarbonization, asset digitization, and automation to improve terminal throughput capacity.

Supervised daily operations, budgeting, forecasting, resource allocation, and risk management.

- Delivered 3 projects on time, under budget (avg. -15%)
- 2/3 greenfield and 4/5 brownfield projects tracking as per KPIs.
- Matured project controls by ≥ 45% in 18 months and adopted a hands-on approach to risk management methodology.

Managed PMO operations, overseeing staffing, training, and change management activities.

- Introduced a project management certification program resulting in a 100% PMQ certified team.

Portfolio management: set up and facilitated the COO's Technical Committee to prioritize investments and align project resourcing strategies on high CAPEX projects and M&As.

- Updated the E2E M&A end-to-end model [Sponsor: Head of Technical Organization]

[1] Netherlands, Croatia, Georgia, India, Vietnam, Oman, Brazil, Mexico, Egypt, Morocco, Ivory Coast, and Nigeria

Transformation Lead & Chief-of-Staff to VP of Technical Organization (interim COO '22-'24)
Transform and incorporate a lean way-of-working (WoW).

Deployed lean principles and established a culture of continuous improvement in Asset Engineering, Automation, and Project Execution.

- Trained, coached, and mentored senior management and project teams (120+) in problem solving, value stream mapping, Gemba & Kaizen. An internal WoW assessment survey showed maturity of 70% in 24 months.
- Re-engineered and implemented an E2E M&A model covering 24 functional workstreams.

Senior Program Management Officer at Project Execution
APMT did not have a standardized project delivery management system prior to 2014.

Co-structured the PMO as a center of excellence with a team of 5 PMOs and 2 ext. consultants.

Led the team to co-develop and institutionalize the project management framework for Greenfield and Brownfield projected, therein, improving stakeholder alignment and reducing project ramp-up time by 3 to 6 months.

- Project governance: co-developed standards for reporting, scope, change, risk, assumption, and cost management for a $3.5B global portfolio ['14-'19].
- Established a company-wide project delivery system standardizing project management framework for high CAPEX infrastructure projects.

Led post-merger integration (PMI) of $1B+ portfolio, integrating 8 terminals in Spain and LATAM within 18 months.

- Managed 14 workstreams in pre-acquisition, 100-day planning, due diligence, and risk management.
- Prioritized cost-saving initiatives, merging engineering functions to Barcelona for process efficiency.
- Shared lessons learned with Maersk for their acquisition of Hamburg Süd.

Associate Project Analyst and Client Coordinator • Independent Project Analysis (IPA), The Hague
Data analytics to improve the capital competitiveness with 20K+ projects executed globally since 1987.

Consulted on project and portfolio management for FT500 corporations including Sasol, Shell, BP, and more.

- Delivered data analytics (as lead and as mentor) and reported on 40+ small projects (< $10M) and 40+ mega projects ($10M to $20B), leading to cost reductions and revenue enhancements.
- For cost reduction (on average 10%), re-engineered client's project delivery processes for continuous planning, monitoring, and revising of projects drivers, schedule, and cost baselines.
- Led PMP courses as a certified instructor for Megaprojects – Concepts, Strategies, and Practices for Success, Project Management Best Practices, Front-End Loading and The Stage-Gate Process
- Coordinated with key clients like Cargill EMEA, Sasol, and Eskom for business development
- Acquired new clients including OryxGTL and Gazprom
- Organized and coordinated Industry Benchmarking Consortium events in EMEA in '11 & '12.

Program Officer • Cordaid, The Hague
Health care services, emergency relief, food security, & education in 19 countries with 266 projects.

Managed a €3.5M program on food security, enhancement of soy, grain, coffee, sugar cane production, and HIV/AIDS prevention in adolescents.

- Supervised projects in LATAM and Caribbean & mentored organizations on tracking methodologies.
- Responsible for resource allocation, risk management, and project tracking.

Created a €1M bioenergy/bio-fuels portfolio in LATAM, analyzing social and environmental impacts of soybean expansion and labor practices in sugarcane plantations.

- Analyzed social and environmental impacts of soybean expansion in the Amazon region.
- Studied labor practices in sugarcane plantations in Recife, Brazil.

Consultant • Alfabetização Solidária (AlfaSol), Brasília
Reducing youth and adult illiteracy in Brazil and Lusophone countries.
Developed and implemented adult literacy programs collaborating with government entities and educational institutions.

- Established partnerships with Ministries of Education and Foreign Affairs for program deployments.
- Coordinated UNESCO's International Adult Learners Week in São Paulo, 2002.
