Work Experience

Chartered Quantity Surveyor, Multiplex Construction Europe Limited, United Kingdom

(09/2016 – current)

- Key achievements and responsibilities at the Chancery Rosewood hotel project in Mayfair, London *(11/2020 – current)*:
    - Value maximisation through client changes and open-book procurement of high-end presidential suites, spa and ballroom packages – achieved the overall value recovery and buying gain of £1.2m.
    - Protected commercial/programme exposure through strategic contractual notices and tight cash management for fit out and façade packages (overall package value in excess of £19m). Successful settlement of loss and expense claims at £550k (submitted at £850k).
    - Currently overseeing a high-end fit out sub-project (spa and ballroom; package value of £35m) - main responsibilities of managing client changes, leading consultants to achieve value engineering and design rationalisation, and providing commercial strategies to the project team.
- Successfully managed external cladding, fit out, consultant and external works packages from procurement through to final account agreement at a major commercial development, 22 Bishopsgate in the City of London *(09/2016 – 10/2020)*
- Proven excellent performance during graduate programme and nominated as Graduate of the Year *(09/2018)*

Intern Quantity Surveyor, Historic Royal Palaces, United Kingdom

(04/2016 – 08/2016)

- Managed pre-tender activities including order of cost estimate and pricing documents
- Conducted post-tender activities such as final price negotiations and contractor selection
- Produced pre-qualification questionnaires for framework agreement and target cost contracts

Work Experience, ISG, United Kingdom

(03/2015)

- Shadowed and assisted a senior commercial manager in a £8M fit-out project
- Acquired knowledge in the following: subcontractor payments, valuation, pre-start meeting

Freelance Drafter, Langenkamp.dk Architects & Private Client, South Korea

(05/2015 – 06/2015)

- Worked on the schematic design phase for an apartment renovation in the Netherlands
- Drafted drawings of an office building for building permission in Denmark

Architectural Designer, TOP Architects & Associates, South Korea

(03/2015 – 05/2015)

- Produced building permit and construction documents for a commercial building
- Won second place prize in a post office design competition

Building Energy Consumption Calculator, Langenkamp.dk Architects, Denmark

(07/2014 – 02/2015)

- Part-time position simulating annual energy consumption calculations for detached houses

Architectural Technologist Intern, Langenkamp.dk architects, Denmark

(02/2014 – 06/2014)

- Efficiently developed energy-optimised details and construction documents
- Provided site supervision for a detached house according to Passive house standards
- Placed second in a competition to design a day-care facility

Visual Merchandiser, American Apparel, South Korea

(03/2010 – 02/2011)

- Organised store layout and displays
- Collaborated with headquarters in US

Professional Qualifications
