PROFILE

Highly motivated and detail-oriented Apprentice Quantity Surveyor with a strong foundation in construction cost management, contract administration, and project estimation. Equipped with a solid understanding of industry standards, construction techniques, and budgeting processes through academic training and practical. experience. Known for excellent communication, organisational abilities, and a keen eye for accuracy in managing resources efficiently. Eager to contribute to cost-effective project delivery while gaining further experience in all aspects of quantity surveying.

WORK EXPERIENCE

Apprentice Quantity Surveyor

ISG Ltd — Sept 2023 - Ongoing

From May until now I have been working on the project Tempo Maidenhead. On this project, I have been learning Construction and Design management. I have learned how a site operates and how to manage operatives on site as well as learning drawing details. This project has faced many issues from financial to lack of workmanship. I have helped resolve this issues and the project is now back on track to being completed.

- Assisted in the preparation and review of cost estimates, tenders, and contracts for various projects.
- Gained hands-on experience with measurement and valuation of works, ensuring compliance with project specifications.
- Supported senior surveyors in tracking project budgets, identifying cost-saving opportunities, and minimizing financial risks.
- Conducted site visits to monitor progress and verify quantities, helping with accurate project cost reporting.
- Strengthened understanding of construction contracts and the role of a quantity surveyor in managing costs effectively.
- Proficient in using industry-standard software such as Bluebeam and excel, and tools for cost management and reporting.

Front of House/Back of House

Nandos — November 2022 - August 2023

- Customer Service Excellence: Greet and welcome customers with enthusiasm, ensuring a positive and friendly atmosphere from the moment they arrive.
- Order Taking & Payment: Assist customers with menu selection, taking orders, and handling payment transactions accurately and efficiently.
- Handling Queries & Complaints: Address customer queries or concerns professionally, resolving issues promptly to ensure satisfaction.
- Maintaining Cleanliness: Keep the front-of-house area, including seating and restroom areas, clean and presentable at all times.
- Team Collaboration: Work closely with kitchen and back-of-house teams to ensure smooth service and timely delivery of food to customers.
- Health & Safety Compliance: Adhere to all health and safety regulations, including food hygiene standards, ensuring the safety and well-being of both customers and staff.
- Queue Management: Monitor waiting times, managing queues efficiently during busy periods, and ensuring a smooth flow of customers.
