Employment History

Senior Document Controller
ISG – High-Security Prison Project
February 2021 – Present Day

- Provided comprehensive **document control** and **administrative support** for a high-security £300m prison project, ensuring strict adherence to compliance and security protocols.
- Managed sensitive project documentation using **Aconex**, **Viewpoint**, **Procure** and **SharePoint**, overseeing the full lifecycle from creation to archiving.
- Collaborated with multidisciplinary teams, including construction managers and architects, ensuring the accurate and timely distribution of documents critical to project decision-making.
- Acted as the central point of contact for all document control issues, maintaining **BPSS clearance** for secure handling of confidential information.
- Led the implementation of secure document workflows, training project teams and ensuring adherence to high-security standards.
- Maintained meticulous records of all project documents to ensure their accuracy, traceability, and timely updates in line with **ISO 9001** standards for quality management, while also preparing documentation and internal processes for ISO 9001 audits to ensure compliance with required workflows and controls, thereby reducing audit risks.
- Ensured compliance with **ISO 19650** standards for the organisation and digitisation of information, promoting efficient information exchange among stakeholders and enhancing collaborative workflows.
- Available immediately due to ISG entering administration.

Joint Venture Senior Coordinator
Vistry Partnerships, UK
February 2018 – January 2021

- Provided senior-level support for all operational and reporting matters, coordinating between business units and JV partners to address critical issues.
- Briefed the chairman of the board before meetings, ensured effective governance, and maintained the annual schedule of meetings.
- Coordinated the production and distribution of board packs, attended JV board meetings.
- Took comprehensive minutes during board and JV meetings, accurately capturing all actions and decisions, and proactively followed up with stakeholders to ensure timely closure of actions.
- Managed the smooth exchange of information between JV stakeholders, ensuring all contractual obligations and performance targets were met, while proactively resolving any operational conflicts.

Personal Statement

I am a hardworking and adaptable administrator with a proven track record in document control, project support, and office administration, particularly within high-security environments. I thrive in fast-paced roles requiring attention to detail, organisational skills, and discretion in handling confidential information. With extensive experience in IT systems such as Aconex, Viewpoint, SharePoint, and SAP, I can quickly adapt to new processes and technologies.

Key Skills

- Proficient in Microsoft Office (Excel, Word, PowerPoint)
- Extensive experience in Aconex, Viewpoint, Procure and SharePoint
- Strong communication skills (written and verbal)
- Knowledge of SAP and document control systems
- BPSS clearance and experience with high-security projects
- **ISO 9001** compliance
- **ISO 19650** compliance
- Strong organisational skills with a focus on compliance and security

Education

- CIPD Level 3 – 2016
- IOSH Managing Safety – 2016
- Currently studying Construction Management BSc (Hons) – 2023
- 8 GCSEs (A-C), including Maths and English – Oakwood High School, UK (1993 – 1998)
