CARPENTRY SOLUTIONS

Lee Helsby

Curriculum Vitae

I'm a joiner with 12+ years experience and I have been managing/supervising for 3 years. I'm methodical and organised within my personal life and I believe this reflects in my work. I am confident and able to use my initiative to tackle problems efficiently and effectively. I take pride in my work, ensuring the end product is to a good standard. I find pleasure in being able to overcome problems. I'm a keen advocate for personal development and always look at improving my skills and learning more to enhance my career. I am currently doing my NVQ level 4 in construction site supervision.

Key Strengths

Able to work under pressure and to tight deadlines.

Good interpersonal skills.

Computer literate.

Excellent health and safety knowledge.

Multi-skilled and experienced in working in various disciplines.

Able to work to a high standard with excellent attention to detail.

Own transport, cordless tools and PPE.

Employment History

Blue Ocean Ltd.
I'm currently working for a Joinery subcontractor managing several different projects. I arrange labour, materials, quality assess and snag as well as complete my own fixes when I'm needed to. I have overseen a fire door installation package at Manchester Met. University. Completed a 170 window refurb on a Grade II listed building. Currently, I am overseeing 2nd fix and final fixes on a housing site in Crewe whilst helping out on other projects and in the workshop when needed.

National Retail Solutions Ltd.
Whilst I worked for NRS I trained to be a manager and successfully overseen a couple of small shop fit outs for Pets at Home. I was also a working as a stand in manager on a high end house build in Warrington.

Cruden Construction
For Cruden I worked on multiple sites, I was doing all aspects of joinery from 1st fix through to final fixes, kitchens and assisting with site set ups. I worked alongside site management to plan my workload and ensure we had sufficient materials to ensure continuation of work.

Education & Training

- Blue CSCS Card
- NVQ and Diploma Level 2 in Site Carpentry
- Level 3 Diploma in Counselling
- GCSE grades C and above
- SMSTS
- First Aid

Aspirations

My aim is to have a role within senior management, I understand this will take a lot of hard work and I am willing to put the effort in. Since I started in construction as a carpenter the goal has always been to manage and oversee projects right through and to learn to understand all the processes involved.
