Ian Flood

Senior Quantity Surveyor
Tyne And Wear, England, United Kingdom

Summary

As a key member of the commercial team within Norstead Ltd, I am responsible for driving and maintaining a high level of financial and commercial control of projects across the UK. I actively develop and strengthen relationships with Clients and their teams, and aspire to the very highest standards of quality, service and business performance.

I consider management of risk and maintaining commercial viability of projects to be of key importance within my role. Whilst maintaining these attributes, I am actively involved in the monthly monitoring and reporting of the financial status and cost control of our projects to the company Directors.

I am a well established and dynamic surveyor with a keen interest in developing the business and monitoring performance of our projects. I have enthusiastic interest in rowing and football, and regularly participate in a number of community involvement schemes and charity events.

NEC 3 Option A

Project Surveyor

November 2009 - September 2014 (4 years 11 months)

gateshead

Current Project: (1 of 2)

South Tyneside Town Hall

Jan 2013 – Present Day

Contract Value £9,000,000

NEC 3 Option A

I was firstly involved in the pre-construction activities during RIBA stages A-F. This involved early client and consultant liaison to investigate project feasibility. This also included the arrangement of early surveys and inspections, aswell as the production and agreement of pre-construction costs with the client.

My duties and responsibilities during the construction phase comprise of all monthly cost monitoring and reporting, management of all subcontract packages and procurement, valuation of internal values as well as external valuations, all subcontract and invoice payment and approval, attendance and management in design team meetings, liaising with the client and their representatives in order to accurately forecast project finances, and general day to day surveying duties. I also manage the Compensation Event Register and NEC Risk Register, which includes the notification of Early Warnings under the NEC form of contract, as well as providing quotations for additional works as and when instructed.

Previous Projects:

St. Benedict's Hospice
Sept 2012 – May 2013
Contract Value £9,000,000
NEC 3 Option A
I was tasked with pulling subcontract procurement back onto programme following recent staffing changes. I was forced to work under extremely strict timescales in order to maintain progress on site.
I was also responsible for day to day site surveying duties.

Newcastle City Centre Police Station
Jan 2012 – Dec 2012
Contract Value £32,000,000
NEC 3 Option A
Assisting a Senior Surveyor in all commercial aspects of the project.

The Grenfell Club, Redcar
Aug 2011 – Feb 2012
Contract Value £2,200,000
Birtley Swimming Pool
Sept 2010– Sept 2011
£2,500,000
Project surveyor reporting to a Senior Surveyor on a monthly basis.

Tolent Construction Ltd
Assistant Quantity Surveyor
December 2005 - November 2009 (4 years)

I was employed as Assistant Quantity Surveyor with a major national building contractor within the UK, and was responsible for commercial management of projects reporting directly to Senior Management.
Project experience included residential, education, and warehouse fit-out.

Lumsdon and Wood
Trainee Quantity Surveyor
August 2003 - December 2005 (2 years 5 months)

Trainee Quantity Surveyor.
