MRICS MAPM

Experience

JLL

12 years 6 months

Head of South West & Wales and UK Operations Director - Project & Development Services

September 2023 - Present (5 months)
Bristol, England, United Kingdom

Leading the South West & Wales region with our offices in Bristol, Cardiff and Exeter to support you and our people in delivery of your real estate solutions. Providing our Project and Development Services team with Operational support across Building Consultancy, Net Zero Design Consulting, Project and Cost Management

UK Operations Director - Project & Development Services

November 2022 - September 2023 (11 months)
Bristol, England, United Kingdom

Driving operational change, compliance and productivity enhancements to our UK group for the benefit of our people and clients. Providing clients with strategic Project Management advice.

Head of UK Operations – Project, Cost and NZC Design Consulting

February 2021 - November 2022 (1 year 10 months)
Bristol, England, United Kingdom

Using two decades of knowledge in the built environment to enhance our people and your people through new levels of technology, quality and change management.

Head of Project Management - South
January 2017 - February 2021 (4 years 2 months)
Bristol, England, United Kingdom

Leading a team of 10 outstanding Project Managers across Bristol, Exeter and Cardiff whilst also maintaining delivery of a number of projects for clients.

Driver of technically complicated Programmes, Due Dilgence and Project Monitoring projects to your satisfaction.

South Region CFO
March 2016 - March 2019 (3 years 1 month)
Bristol, England, United Kingdom

In addition to my other duties, I oversaw and delivered the financial reporting required for a £15m+ regional business. Working closely with the Lead Director and UK finance teams to ensure accurate reporting, management and reduced debt.

Director Project Management
August 2011 - January 2017 (5 years 6 months)
Bristol, England, United Kingdom

Director in the Project Management team delivering a host of projects from £80k to £50m across the country with a focus on Higher Education, Student Living and technical due diligence and claims resolution.

King Sturge
Project Manager
March 2003 - August 2011 (8 years 6 months)

Since joining King Sturge in 2003, I excelled in the Client Representative function for the States of Guernsey Education Department, championing in the contracts, cost management, policies and processes, commonality of products and buying gains functions, as well as being the Employer’s Agent on the new-build 6th Form Centre and CFE Theatre for the Performing Arts. Whilst continuing my role as Client Representative, I took over a highly sensitive mixed use project in York to achieve client and tenant satisfaction. On the basis of this Invista appointed me as Project Manager for a complicated retail refurbishment in the centre of Nottingham.

I also have a wealth of experience in due diligence and project monitoring in the residential, student accommodation, retail sectors acting for a number of the major funding institutions.

Since 2005, I have been heavy involved in Higher Education projects, particularly Project Management of various new build and refurbishments at the University of Bath and also as a key adviser to the University of Exeter in the UPP student accommodation PPP agreement.

Gleeds
Project Manager
September 1996 - March 2003 (6 years 7 months)

Progressed from general Quantity Surveying to fast track cost planning of residential (Beaufort Homes), industrial, and commercial schemes for the Royal Mail, Chartwell Land, and more general Quantity Surveying duties for Castlemore Securities, and onward to the Project Management discipline with managing Orange's 3G property start-up operation in Sweden including the Facilities Management of the Swedish team and synergies with other Orange operations across Northern Europe.

Upon completion of the roll out for Orange, I returned to the UK to continue work in the overseas department of Gleeds as Project Manager and budget holder for new mixed use scheme in Qatar, together with detailed advice on the forms of procurement, and advising the client on their risks and responsibilities. Additionally, I have gained valuable experience of the PFI bid process as programme manager on schemes in Cyprus and Ghana, as well as auditing bids for the New Opportunities Fund across the UK.

Orange
Secondment
2000 - 2001 (1 year)

Secondment to Orange Group Property for the facilities and project management of the total property roll out of all Orange's requirements for the 3G start-up in Sweden including HQ in Malmo, regional offices in Stockholm and Goteborg, and smaller satellite offices/technical suites in various locations. From initial space requirements and planning through to delivery and facilities team management thereafter.

Education

University of East Anglia

BSc (Hons), Quantity Surveying · (1994 - 1996)

The University of Northampton

Higher National Diploma, Quantity Surveying · (September 1991 - June 1994)
