Senior consultant with extensive experience in **Credit & Debt Analysis, Valuation, and Financial Markets** with the European Central Bank (ECB). Proven track record in **analysing transactions & portfolios,** with a focus on financial risks, including credit, market and liquidity risk. Eager to learn and passionate about investing and portfolio management.

WORK EXPERIENCE

Senior Consultant, Management Solutions **Amsterdam, Netherlands (Sept 2022 - Present)**
Projects:

Portfolio strategy & oversight - default & early warnings at an EU D-SIB **Amsterdam, Netherlands**

- Conducted financial impact and gap analyses across corporate and retail credit portfolios. Led the development and implementation of regulatory compliant frameworks for Default, Unlikely-To-Pay and Early Warnings indicators. Engaged with senior management to align the portfolio and risk strategy.

Securitisation capital management - significant risk transfer (SRTs) at an EU G-SIB **Amsterdam, Netherlands**

- Supported the structuring, execution and monitoring of securitized transactions for liquidity, funding and/or capital release purposes. Supported the in-life management of SRT debt transactions. Created regulatory compliant securitisation reports.

SME credit portfolio analysis & risk management at an EU D-SIB **Rome, Italy**

- Managed and developed datasets and dashboards to monitor financial and sustainability metrics of the for the SME credit portfolio (EUR 35 Bln exposure).
- Assessed portfolio performance, policy compliance and risks. Provided advice on portfolio composition and conducted fundamental and macroeconomic credit analysis.

ECB support: debt financing, valuations, credit reviews and financial modelling **Ireland, Cyprus, Belgium**

- Debt & Capital Advisory: created financial models to support debt financing across Large Corporates, SMEs and CRE/RRE sectors. Reviewed financing proposals, refinancing transactions and lender material against ECB regulation. Performed loan reporting, and conducted business and market research. Prepared for and participated in client presentations.
- Conducted in-depth financial analyses, creditworthiness due diligence, and provided strategic insights to support informed lending decisions. Monitored the risk of over 70 debtors based on provisions, equity, ratings and asset valuations.
- Led a team of three in conducting over 100 company valuations and their financing positions. Integrated macroeconomic and geopolitical factors into DCF models. Evaluated high risk leveraged loans ensuring compliance with ECB guidelines.

Finance Associate, 180 Degrees Consulting Turin Branch (NGO Projects) **Turin, Italy (Sep 2019 - July 2020)**
