SUMMARY

Experienced Professional: Several years at Nordex SE in HSE and quality topics, gaining expertise in Environmental management, Compliance, Safety regulation topics and Sustainability practices in the wind energy sector.
Sustainability Focus: Strong background in LCA, proficient in GHG accounting, sustainability reporting, and product carbon footprint analysis. Working as a Sustainability Lead at e-gnition TUHH, focusing on CO_2 emissions of a Formula Student race car, complemented by a master's thesis on the LCA of packaging used in the FMCG sector.

EDUCATION

M.Sc. Environmental Engineering

Hamburg University of Technology (TUHH)

10/2021 - 01/2025 Hamburg

- Waste-to-Energy, Sustainability, Waste treatment, GIS, LCA, Occupational Health and Safety, Circular Economy, ESG, CSRD, Risk Assessment, Environmental compliance.

BE Civil Engineering

Mumbai University

08/2017 - 07/2021 Mumbai

- Construction Management, Site Inspection, and CAD.

EXPERIENCE

Working Student - QHSE

Nordex SE

10/2022 - 04/2025 Hamburg, Germany

- Worked on ISO 14001/45001/9001 audits and environmental compliance reporting.
- Managed process documentation in SAP, improving traceability and reporting efficiency.
- Conducted risk assessments, hazard analysis, and compliance checks in line with ISO 45001 and ISO 14001.
- Collaborated with suppliers, certification bodies, and stakeholders on sustainability and compliance topics.
- Supported in organizing the 'Safety First Leadership' training program focused on managers to proactively provide feedback to their employees on safety issues through communication.

Sustainability Engineer

e-gnition Hamburg

10/2024 - 10/2025 Hamburg

- Developed and implemented the team's first sustainability framework and communication plan, aligning actions with the UN Sustainable Development Goals.
- Conducted cradle-to-gate LCA for chassis and steering systems, ensuring compliance with ISO 14040/44.
- Created presentations, reports, and web content to communicate environmental performance and CO_2 reduction initiatives.
- Led training sessions and promoted integration sustainability practices into operations.
- Developed and documented material traceability and CO_2 reduction strategies, reflecting principles of sustainable sourcing.

Research Assistant

Circular Resource Engineering and Management

01/2023 - 10/2023 Hamburg, Germany

- Reduced CO_2 emissions by 30% for PE/PP materials through LCA of delamination vs. incineration methods.
- Performed chemical composition analysis to identify hazardous substances in delamination processes and proposed safer alternatives.
- Calculated that 70% of PE was recovered in the delamination process, with 30% reintegrated into production, demonstrating efficient closed-loop recycling.

Student Trainee

Lufthansa Technik

05/2022 - 10/2022 Hamburg, Germany

- Analysed aviation maintenance operations to identify inefficiencies in energy use and process flows.
- Developed process optimisation and carbon reduction strategies, achieving an 8–10% reduction potential.
- Applied agile project management methods to support structured implementation of carbon improvement initiative.

PROJECTS

Comparative Assessment of the Environmental Impact of a Refilled Reused and a Recycled Packaging for Non-Food Applications - Master Thesis

04/2024 - 01/2025 Hamburg, Germany

- Performed a cradle-to-cradle LCA comparing single-use and reusable HDPE bottles using recycled content, applying ISO 14040/44 standards. Findings showed a 39.6% CO_2 reduction after one reuse, highlighting the environmental benefits of reusable packaging systems. Assessed GWP, water use, and toxicity using OpenLCA and Ecoinvent.

Direct Potable Reuse Drinking water

10/2021 - 02/2022 Hamburg, Germany

- Designed and simulated a direct potable reuse system treating 5000 litres/day of secondary wastewater effluent, achieving safe drinking water standards while promoting sustainable water management and environmental protection for the community.

SKILLS

OpenLCA | GaBi | SimaPro | SAP | Machine Learning / AI Methods | Microsoft Office | SharePoint

Life Cycle Assessment (LCA) | Process Optimisation | Process Safety | HSE Management

Sustainability Reporting | Safety Training | Data Analysis & Reporting | Circular Economy

VOLUNTEERING

President

Rotaract Club of TCET

08/2019 - 08/2020

Completed my term as President at the Rotaract Club of TCET, demonstrating leadership and commitment to community service.

Administrator

Indian Student Association Hamburg

04/2022 - 03/2023

Administrator of the Indian Student Association at TUHH, overseeing the successful coordination of 200+ new student pickups upon their arrival in Germany. Completed the administrative tasks.
