PROFILE

Full-Stack & AI Solution Developer with several years building scalable web applications, workflows and process optimization. Skilled in **cloud & DevOps** (Docker/Kubernetes, CI/CD) and passionate about **AI & automation**, with a track record of optimizing performance and enhancing UX. Recently, as **Automation Manager**, I design **workflow automations** (n8n/Zapier), build **GPT/LLM solutions** (e.g., RAG, prompt engineering) and **Voice-AI agents**, and ship secure **ATS/CRM integrations** (REST, OAuth2/JWT). I enjoy turning complex requirements into measurable impact, collaborating across teams, and delivering reliable, compliant systems.

WORK HISTORY

Automation Manager 09/2025 – Present | Frankfurt, Germany
TOPEOPLE Group GmbH

- Automated recruiting & internal workflows with **n8n/Zapier**; cut cycle time **80%**.
- Built **GPT apps** (OpenAI/Azure, **LangChain/RAG**) for candidate ops; raised automation rate **90%**.
- Deployed **Voice AI agents** (Twilio/WebRTC, STT/TTS); improved CSAT.
- Shipped **ATS/CRM integrations** (REST/Webhooks; OAuth2/JWT) incl. Personio/Greenhouse/HubSpot.
- Ran **CI/CD & Ops** (GitLab, Docker/Kubernetes); **Prometheus** monitoring.
- Set **LLM guardrails** (PII/GDPR, evaluation tests, audit/RBAC) and ROI tracking (time-to-hire, SLA).

Full-Stack Developer & AI Integration Lead 06/2024 – 09/2025 | Frankfurt, Germany
Phoenix Parkservice (Freelance)

- Full-Stack Development (Spring Boot/Angular) with Microservices Architecture, REST APIs, and Database Design.
- Complete DevOps Pipeline (Docker, CI/CD, Cloud Migration), Monitoring Dashboards, and Infrastructure-as-Code.
- AI-based SEO Automation (with n8n), increased organic traffic by **+35%**, End-toEnd Technical Leadership.
- Process Automation: **20%** efficiency improvement through optimized workflows.

Full-Stack Developer & Master Thesis 02/2022 – 10/2024 | Frankfurt, Germany
INFOMOTION GmbH

- Developed an innovative LLM-based Maven plugin for Master's thesis, increasing test coverage by **33%** and reducing development time by up to **95%**.
- Created a web application (Angular, Spring Boot, Java) with a complete DevOps pipeline as a Bachelor's thesis, visualizing SAP BusinessObjects dashboards in augmented reality and 3D.
- Managed Docker/Kubernetes deployments, GitLab CI/CD, and cloud integration (Azure).
- Provided IT consulting in various client projects (requirements analysis, technical implementation, project coordination).

Translator | German - Arabic 09/2022 – Present | Frankfurt, Germany
Skalli GmbH (Freelance)
- Interpreted for medical/legal contexts ensuring cultural accuracy across **70+** appointments.

Elastic-Stack Dashboard Developer 10/2022 – 02/2023 | Frankfurt, Germany
Red Reply (Intern)
- Developed a real-time analytics dashboard that processes over **10,000** logs daily from different Application across the Infrastructure

Cryptographie Engineering & Solutions 05/2021 – 10/2021 | Frankfurt, Germany
Deutsche Bank (Intern)
- Supported digital signature validation service PoC includiing deployment; optimized VM setups.

Java Tutor 11/2020 – 03/2021 | Frankfurt, Germany
Frankfurt University of Applied Sciences
- Led tutorials for **30+** students; improved pass rates by **20%** through practical coaching.

Rental Sales Agent 04/2018 – 04/2020 | Frankfurt, Germany
Avis & Budget Group
- Managed the full car rental process, achieved sales targets for extra services, resolved customer issues, and maintained accurate contracts at the Frankfurt International Airport.

1st- & 2nd-Level-Support 04/2018 – 11/2018 | Frankfurt, Germany
Mila IT-Services
- Resolved **60+** hardware/software/network issues via phone and email; maintained high customer satisfaction and process documentation.

EDUCATION

Master Of Science Business Informatics 10/2022 – 06/2024
Frankfurt University Of Applied Sciences Frankfurt Am Main, Germany
Final Grade: 1.4 (German GPA scale, equivalent to approx. **3.8–4.0** GPA)

Bachelor Of Science International Business Information Systems 10/2018 – 08/2022
Frankfurt Am Main, Germany
Frankfurt University Of Applied Sciences
Final Grade: 1.6 (German GPA scale, equivalent to approx. **3.6–3.8** GPA)

SKILLS

Java • Spring Boot • Angular • React.js • Docker / Kubernetes / Helm • Git (CI/CD) • HTML / CSS / Javascript / Typescript • AI & ML (LLM-Based Automation) • n8n/Zapier • Prompt Engineering • Vue.js • Next.js • Node.js • Python • Azure / Nexus • Google Ads/ Analytics / SEO / Tag Manager • Wordpress • PHP • Databases (SQL/NoSQL) • Elasticsearch / Kibana • OpenAI • Voice Agents

LANGUAGES

German • **Arabic** • **English** — DAAD C1 Certificate

CERTIFICATES

- React.js Basics - Great Learning
- Basics of SAP BusinessObjects Web Intelligence – INFOMOTION
- Advanced Proficiency in KNIME Analytics Platform - KNIME
- Basic Proficiency in KNIME Analytics Platform - KNIME
- DAAD Language Certificate English C1 - Frankfurt UAS

INTERESTS

Basketball (former professional) • Video & Audio Production • Traveling • Sports & Fitness
